Unique Job Opportunities: Volunteer Teachers Needed

Located in the heart of West Sacramento and in the City of Dharma Realm, the second largest branch nun monastery within the **Dharma Realm Buddhist Association**, **Instilling Goodness Elementary and Developing Virtue Secondary Schools** welcome applications for volunteer teacher positions in the subject areas of English, History, Geography, Mathematics and the Sciences. Established in 2011, the student populations have been growing steadily and **native English teachers** are especially needed. Visit our website at <http://www.cityofdharmarealm.org/index.html> for more detailed information of our education mission and our founder the late Venerable Hsuan Hua's life-long work on Dharma education and the moral cultivation of children and young adults in North America.

Our students and teachers come from a variety of ethnicities and diverse academic and professional backgrounds – the scholastic environment is multicultural embracing the diverse experience of teaching and learning.

"Education is about teaching students the principles, and not the pursuit of fame and fortune.... Education is the nation's best defense."

Venerable Hsuan Hua

If the above ideals strike a chord with you, then you have found the right place to share your knowledge and teaching passion.

Limited board and accommodation are available for suitable female candidates. Please attach your CV, a cover letter and a teaching statement for full consideration of your application. Interns are welcome and so are retired teachers and professionals. For enquiries and applications, please email us at **info@cdrigdvs.org** or call **(916) 374-8268**.

Peace in Dharma,
The Education Team at the City of Dharma Realm
